Competitor Bulletin 1

March 13, 2330h

## **Hunter Valley Road Condition advisory:**

At about the second to last corner of the stage, there is glare ice across the road for about 100m. **Use extreme caution during recce to avoid interaction with oncoming traffic!**

Also, you are advised to make note of the location of the last radio blocker (blocker 18) in the stage inbound (and the first blocker outbound) as we **may** decide to shorten the stage depending on the road conditions during the event.

## **Radio Frequency Correction:**

The contacts page in the routebook incorrectly lists a back-up repeater frequency that does not provide coverage in the area. The frequencies in use will be the main repeater, as listed, and simplex, as listed.

## **Change of Class:**

The crew of car 28, Vilnis Dimpers / Martin Matas, has requested a change to Open4WD.
